

CLM/Women Sponsors British-American Business Roundtable Accelerate Event

October 23, 2024

Carter Ledyard's Women's group is proud to join the Firm in its sponsorship of this BAB Business Roundtable event featuring its Accelerate program. We support small and medium sized businesses and especially those with women leadership.

BAB has organized this Accelerate fireside chat with Jennifer (Jen) Leary, the dynamic CEO of CLA, one of the largest accounting and professional services firms in the U.S. In this intimate conversation, moderated by British Deputy Consul General, Melanie Hopkins, Jen will share insights from her impressive 25-year journey in accounting and finance. We'll explore her advocacy for talent development, the importance of digital transformation, and her entrepreneurial spirit that drives CLA's success.

BritishAmerican Business' (BAB) Accelerate is a specialized community tailored for SMEs and startups looking to expand their reach across the Atlantic. With an emphasis on driving growth and developing a strong transatlantic presence, Accelerate offers crucial insights and contacts for navigating the complex landscape of international business.

Date: Thursday, November 21st

Time: 5:30pm – 7:30pm

Location: CLA, One Grand Central Place, New York
