The most satisfying part of what I do is providing security to my clients and their loved ones. While navigating the intricate and ever-changing laws and requirements concerning estate planning, my goal is to understand my clients' unique family and financial situations and offer an effective and well-devised plan in accordance with their current and future goals.

Focusing on estate planning and administration, Josephine Yoon advises clients both nationally and internationally. Her practice includes drafting wills, trusts, prenuptial agreements and other estate planning documents, probate and trust administration, charitable giving, and representing parties in probate and trust litigation matters and other Surrogate's Court proceedings.

Living in Korea for a time shaped Josephine's way of looking at the world and that experience influences the way she practices law. She is skilled at providing sound and complex analysis on a broad range of legal issues and coming up with creative and nuanced solutions. She appreciates the value of the firm's collective knowledge and utilizes that technical and practical experience to best serve her clients.

Josephine enjoys cultivating and maintaining a relationship with her clients from the first engagement and over the course of their lives. Taking pride in being accessible, responsive, and efficient, Josephine is committed to helping clients craft workable and comprehensive estate plans tailored to their individual circumstances.

## Outside the Office

In my free time, I enjoy traveling to new destinations and locales, hiking beautiful landscapes, and watching documentaries and independent films. For my next trip, I look forward to visiting Utah for the Sundance Film Festival and the amazing hikes at Arches National Park.
