Passion for my clients' businesses is the cornerstone of my practice. Seizing an opportunity that provides my client with an advantage in a jungle of competition is the ultimate reward. I go the extra mile to gain an in depth understanding of their business and industry as a whole. As a result, the solutions and recommendations that I provide are tailored to better support their goals and address every legal issue that may arise.

Louie is an associate in the firm's Corporate Department. He focuses his practice on mergers and acquisitions, securities law and corporate governance. His experience includes assisting public and private companies in their domestic and cross border acquisitions, private equity transactions, structured finance transactions, securities offerings, and other general corporate matters.

Prior to law school, Louie gained experience in the Middle East working at two Am Law 100 Law Firms on cross border financial and commercial projects. With this background, he naturally recognizes and looks for ways to advise international clients on U.S. law and customs in order to pinpoint relevant implications for their transactions.

Experience

- Carter Ledyard Client Moreld AS Completes Refinancing

Outside the Office

Physical fitness is a big priority in my life. If I'm not at the gym you can find me on the golf course or running a marathon. I also enjoy travelling as much as possible. Having grown up in the Middle East, I frequently travel back to Lebanon, Qatar and the United Arab Emirates to visit family and friends.
